

2.5kW DC- MOTS

- Rugged design
- Man-portable
- Can operate on diesel or AVTUR
- Connection via NATO standard outlet
- Can be parallel connected

3kVA AC- MOTS

- Rugged design
- Man-portable
- Can operate on diesel or AVTUR
- Connection via NATO standard outlet
- Can be parallel connected

Kubota 5.5kVA- Modified COTS

- Kubota Diesel Engine Z482
- Water cooled Diesel
- Single phase 2x15A 3-pin IP66 with RCDMCBO
- Sawafuji Alternator, DeepSea controller
- IP66 RCD Protected Outlets as standard
- Centre lift

Kubota Powered- Modified COTS

- Kubota – 11 to 22kVA
- 1500RPM Water Cooled Diesel
- DeepSea Controller
- Long Range Bunded Fuel Tanks
- Battlefield mobility
- Low noise signature

Cummins Rugged Power- MOTS

- Genuine/Factory made by Cummins 1500RPM Water Cooled Diesel Sizes from 15kW to 60kW
- Designed to MIL DTL 32496
- Enhanced battlefield survivability
- Low infrared signature

Cummins Powered- Modified COTS

- Cummins Diesel engine 4BTA3.9G2
- DeepSea Controller
- Stamford Alternator
- 3x63A 3 Phase, 1x15A single phase outlet
- Bunded fuel tank with forklift pockets
