

OUR VISION

Our vision at Indigitech is to become a leading national provider of cutting-edge ICT hardware, audio-visual products, and worksite equipment procurement.

We are deeply committed to creating value for our customers and employees while expanding our reach and positively impacting Indigenous communities across Australia.

OUR HISTORY

Indigitech's journey began in 2021 when Dean Jackson, a proud member of the Muruwari People, founded the company.

Our unique position as a Certified Supply Nation supplier, combined with our status as a 100% Veteran Owned enterprise, sets us apart and underscores our commitment to both Indigenous empowerment and service to the nation.
