- Sizes: 2kVA – 18kVA
- Phase Options: Single & Three Phase
- Safety: IP66 Outlets, RCDs & C/Bs
- Features: Wheel Kit & Long-Range Fuel Tanks
- Upgrades: Mine Spec upgrades available

Genuine Kubota Diesel Generators

- Sizes: 5.5kVA – 33kVA
- Phase Options: Single & Three Phase
- Outlets: IP66 RCD Protected Outlets (Standard)
- Origin: Factory-Made in Japan
- Engine: Water-Cooled Diesel
- Upgrades: Mine Spec Upgrades available

Kubota, Perkins & Cummins-Powered Generators

- Brands/ Sizes:
 - Kubota: 10-33kVA
 - Perkins: 10-1375kVA
 - Cummins: 30-1375kVA
- Phase Options: Single & Three Phase
- Engine: 1500RPM Water-Cooled Diesel
- Features: DeepSea Controller & Long-Range Bunded Fuel Tanks
- Outlets: IP66 RCD Protected Outlets (up to 33kVA)
- Upgrades: Mine Spec Upgrades available

Cummins Power Generation Range (CPG)

- Sizes: 15kVA to 550kVA
- Origin: Genuine/Factory Made by Cummins
- Engine: 1500RPM Water-Cooled Diesel
- Phase Options: Three Phase
- Features: Long Range Bunded Fuel Tanks
- Outlets: IP66 RCD Protected Outlets (up to 33kVA)
- Upgrades: Mine Spec Upgrades available

Clean Energy

- Portable Power Stations
- Battery Storage (BESS)
- Hybrid Systems
- Solar & Hybrid Lighting Towers
- Hydrogen on Demand
- Hydrogen Generators

Applications are indicative only.
